With Your Help, We Have Hope

Homelessness is increasing in our region. As a caring community, the news that even one youth, family or young adult is spending the night unplanned, frightened and cold makes us desperate to help. In the midst of our struggle to find workable solutions, we wanted to remind you that your efforts matter.

How do we know?
Because of the successes we celebrate each day with our clients.

Friends of Youth supports six transitional living programs, housing designed for formerly homeless young adults who are ready to learn how to be housed, independent and self-sufficient. In the month of April, two young families moved from our transitional housing in Redmond into their own safe and stable housing. Both families were offered affordable permanent housing after successfully completing our program. Their case managers helped them secure basic furniture and household supplies to furnish their new forever homes.

Friends of Youth provides rental assistance to formerly homeless young adults as they transition from rental support to independence. In April, two of our clients transitioned in place—they were able to transition from assistance to taking full responsibility for their rent. We are so proud of them.

Your support makes our programs possible. Your commitment makes success a reality for a young person every single day. Thanks for the part you play in ending homelessness in our region.
