From the Streets to Success

We are humbled by the resilience of the young people we are lucky enough to work with each day. A good example is “Tom.” Tom was homeless, camping alone and depressed. After many difficult challenges, including an attempted suicide, his Friends of Youth Case Manager convinced him to try our Landing shelter. He did, accessing both shelter and drop-in. He made a plan with his case manager to focus on employment skills, housing, education, social skills and mental health. He enrolled in our GED classes, Job Club and Employment Services Program, and our Groundwork Wraparound Program.

Tom has successfully begun meeting his goals. He passed his first GED test reconnected with his father and secured full time employment. He also earned a placement in our Permanent Supportive Housing where he lives independently and pays rent.

Today Tom is more confident, on his way to passing his next GED test, and in line for a promotion at work.

Tom is so grateful for all of the Friends of Youth Programs that helped him on his path to stability. We are so grateful for the community of support that helps us to be present and available to youth in need. Thank you for your support of our work!
